Donation to outfit 50 kids for hockey

Darren Lum
Staff reporter

When Storm vice-president Bruce Griffith was called down to the front office of the high school on Sept. 25 he didn't expect to see 90 boxes of new hockey equipment from the NHL Players Association.

"It was a quite a shock," said the Haliburton Highlands Secondary School teacher.

Without any notice, the Highland Storm Minor Hockey Association became recipients of enough hockey equipment to completely outfit 50 players because of the NHL Players Association Goals and Dreams fund on behalf of Haliburton's Matt Duchene, who plays centre for the NHL's Colorado Avalanche.

Griffith said the equipment has found temporary homes in garages throughout Haliburton County until everything is distributed.

A committee will decide who will receive the equipment.

It is comprised of Point in Time staff, Jumpstart Canadian Tire staff, the community and the executive members of the minor hockey association.

Council crunches new OPP billing numbers

Jenn Watt
Editor

The following are brief reports of items discussed at Dysart et al council Oct. 14.

In the first year of the OPP policing cost phase-in, Dysart et al will need to make up for an increase of \$300,000.

Treasurer Barbara Swannell presented councillors with figures on how the increases are likely to go with the proviso that they could change over the five-year phase-in period as OPP costs change.

"Based on the total cost in 2014, we're paying roughly \$1.1 million that will go up to \$1.4 million," Swannell said. "That would equate to an increase of approximately \$11 per \$100,000 assessment on property."

The new billing formula specifies that 60 per cent of costs are for "base service" while 40 per cent will be based on call volumes.

Up until now, costs for policing varied between each municipality. Dysart taxpayers were paying \$149 per household.

The province has introduced a \$40 cap per household on increases during the phase-in period. Swannell said that means

County investigating crack in Head Lake bridge

Chad Ingram
Staff reporter

The following are brief reports of items discussed at county committee meetings on Oct. 8.

Members of the county roads committee recommended transferring \$15,000 left over from completed culvert projects to pay for the investigation of the Head Lake bridge by a structural engineer.

"Routine inspection of Head Lake bridge has revealed that a crack in one of the pier caps has widened significantly and that a number of the piers are out of plumb greater than the maximum allowable," reads a report from roads director Doug Ray.

"Further investigation is required at this time to determine why this crack is expanding."

Repairs to the bridge by the high school have been on

the county's capital needs list for years and the county has unsuccessfully applied for grants to help with the more than \$1.2 million worth of work required.

Three-way stop suggested

Roads committee members are recommending the installation of a three-way stop at the intersection of Conestoga and Ingoldsby roads.

In August, county council heard from an Ingoldsby resident concerned about continued speeding through the hamlet, despite a community safety zone sign warning motorists of heightened fines for violating the 40 km/h speed limit.

Recognizing paramedics

Emergency services director Craig Jones has recommended the creation of an exemplary service medal that would be awarded to a maximum of deserving county paramedics for outstanding work. Members of the county's EMS committee endorsed the concept, but were hesitant about a \$4,000 request for dress uniforms to be worn to an associated gala, as well as transportation and accommodation costs. Committee members referred the issue to full county council, which will meet later this month.

Sharing data

Members of the EMS committee supported a staff recommendation that the county enter into a data sharing agreement with the Paramedic Chiefs of Canada. The organization is in the process of creating a national, mega-database for use by paramedics. There is no cost to the county.

Note to readers:

The Echo will be arriving Wednesday, Oct. 29 to accommodate municipal election coverage.
Go to haliburtonecho.ca on election night (Oct. 27) for results as they come in.

Partners in Powerful Communities

Haliburton County Echo

News

Bigger issue may be provincial cutbacks: Fearrey says

from page 1

bills will go up to \$189 in 2015.

Reeve Murray Fearrey said he had other financial concerns aside from OPP increases.

"The bigger issue is what's going to happen to the Ontario Municipal Partnership Fund and the Rural Ontario Fund. This could be the smallest of the increases," he said.

As the province has been cutting back OMPF money.

In 2014, \$25 million was cut from OMPF across the province with more cuts planned in coming years.

Bus signage for Kennaway Rd

The roads department will be ordering a sign warning motorists that a school bus stops at the corner of Kennaway and Long Lake roads following a request from Joe Davis.

According to a report by public works manager Brian Nicholson, Davis was concerned that eastbound vehicles might not be aware of the stop because of "limited sight distance," increasing risk for children boarding the bus.

Nicholson reported that sight distance at that location was 130 feet for eastbound traffic, while it was 400 feet for westbound traffic.

"First Student Bus Lines prefers 200 feet of stopping sight distance at a stop, which has not been met at this intersection," the report says.

Council agreed to erect a sign at that location for about \$150.

How much energy do you consume?

The municipality purchased two devices that measure energy usage and will be loaning them out to the public.

Called Kill A Watts, the machines are connected to outlets and then other devices are in turn plugged into them. The Kill A Watt then displays how much power each appliance is using.

Televisions and computers can use power even when they are turned off if they remain plugged into the wall.

"You plug them into an outlet and then you plug them into your TV or computer or whatever and it'll tell you what that specific piece ... of equipment draws," environment and green energy committee chairman Dennis Casey said.

After testing the items in his home,

Casey has chosen to plug all of his electronics into a power bar, which he switches off at the end of the day.

"I switched all my office to two power bars and I can see that already on my bill."

He said there is a line up of people who want to borrow the devices. You can get on the list at the Dysart municipal office or at the Dysart branch of the library.

Line dancing in arena

Line dancing classes may be provided upstairs in the arena after council gave a nod to a proposal to relocate.

Recreation pilot program co-ordinator Andrea Mueller told council Jan Vernon was looking for more room for her classes, which are currently in the Legion.

The classes run from May to October and would cost participants \$3 each to cover the cost of the space.

Mueller also noted that the Ugly Sweater Run this year is Nov. 23 at 1 p.m. and they are looking for volunteers to help.

Bylaw dept update

Parking fees are down at the medical centre, but up in town, the bylaw officer's report says.

Ron Henselwood's report shows \$4,390 brought in during September 2014 at the medical centre through parking fees, while last September was nearly \$1,000 more.

In town, the Pay and Display meters garnered \$2,241 this September, while last year they brought in \$1,539. The older standard parking meters brought in \$1,252 this September, up about \$400 from September of 2013.

Applesauce project update

Nine volunteers made 250 containers of applesauce for area seniors, council heard.

An email from health unit dietitian Rosie Kadwell informed council of the first year of the project, which asks people to donate apples they aren't using from their properties to be made into sauce.

Dysart et al also allowed the group to pick apples from municipal property.

Each container was one cup's worth of sauce and went to seniors and people with disabilities served by Community Support Services (formerly Community Care).

ATV stolen from Kennisis cottage

On Oct. 10, the Haliburton Highlands detachment of the Ontario Provincial Police was contacted regarding the theft of an ATV from a cottage in the area of Kennisis Lake in the Township of Dysart et al.

Sometime between Oct. 5 and 9, someone stole a 2012 red Polaris Sportsman ATV with an Ontario licence 29XF2 valued at approximately \$7,000.

Anyone with information on this crime or any others is asked to contact the Haliburton Highlands OPP at 1-888-310-1122.

Anonymous information can also be reported to Crime Stoppers by calling 1-800-222-8477 (TIPS) or online at www.khcs.ca, where you may be eligible to receive a cash reward of up to \$2,000.

Cabin Pressure films full season in Haliburton

Jenn Watt
Editor

The Haliburton Highlands will be the backdrop for 13 episodes of Cottage Life TV's second season of *Cabin Pressure*.

Hosts Colin McAllister and Justin Ryan have been in the county filming for more than six weeks, documenting the extreme renovation of a cottage the pair purchased together on Drag Lake near Haliburton.

"We love the whole spirit of cottaging," McAllister said. "We're having a great time in Haliburton."

McAllister and Ryan call their most recent purchase the "slanty shanty" and have been working with a Huntsville-based contractor to redo much of the building while not tearing it down altogether.

Changes include switching out small windows for larger ones, lifting the cottage to put on a basement and installing a 360-degree deck.

In the process, the pair have ventured

into town often, dining at the Kosy Korner and shopping at the Thrift Store in the Industrial Park.

It was at the Kosy Korner where they bumped into Alex Bell, whom they refer to as "Alex the Zombie Guy." He told them about the upcoming Zombie Walk and has helped procure a canoe from Reeve Murray Fearrey for them to use on the lake.

"It's so friendly and everybody wants to chat with you," McAllister said.

Cabin Pressure chose Greg Brown Construction (GBC) to do the landscaping and septic installation on the property.

Due to tight shooting deadlines, the work of two weeks was folded into one, despite less than ideal weather.

"The camera crew was out in the rain with us every moment of the four days of filming and they caught it all on tape," Andrew Brown of GBC wrote in an email to the *Echo*.

"On the busier days, there would be about 30 people at the project all trying to get their own work done which wasn't

Pasi Posti Special to the Echo

Colin McAllister and Justin Ryan of *Cabin Pressure* have been renovating a cottage on Drag Lake for their second season. Greg Brown Construction has been doing landscaping and septic work for the pair and will be part of the show, which airs spring of 2015. From left, Greg Brown, Andrew Brown, Colin McAllister, Benton Brown, Justin Ryan and Jordan Brown.

always compatible."

Brown said his family-run business was founded 32 years ago and this is the first time they've participated in a television project.

"We are always looking for a bigger challenge and this brief, but high-paced production with Colin and Justin provided something new and exciting that not too many contractors have the ability to take on," he said. "We loved the excitement levels that Colin and Justin brought to the set every day even though it was pouring rain and every-

one was getting soaked."

The rain wasn't the only obstacle during what McAllister calls a season with "more drama and bigger stories" than last season, which was filmed in Muskoka.

One of those was the discovery of the remains of 350 mice in the walls of the cottage.

"It was the worst smell in the world," McAllister said.

Cabin Pressure's second season will air on the Cottage Life Network in the spring.

Focused on the Future

Elect
JANIS PARKER
for REEVE

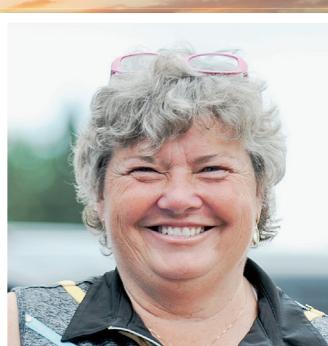

Photo by Darren Lum/Haliburton County Echo

An Important Message From Janis Parker

I am very encouraged by the considerable support shown to me across Dysart as each of you prepare to elect our Reeve for the next four year term. I have heard your concerns and wanted to address one mentioned frequently. Some have asked me if I have sufficient time available to do all that needs to be done. To be clear, I will devote all the time and energy necessary to serve you and do an exceptional job as your Reeve.

For the past 15 years I have been the sole owner of Parker Pad and Printing Ltd. Through commitment, innovation and plain hard work I more than tripled the size of my business. I want to apply that same approach and proven track record of accomplishment to build a stronger future for Dysart.

Early this year I started negotiating the sale of my Markham business. I have conditionally accepted an offer to purchase the Markham portion of my print business based on several buyout timeline options. Should you elect me as your Reeve I will be accepting this offer, with an immediate buyout and retaining only my Haliburton based business. This will ensure that I am always here in Dysart and completely in touch with you and our local business community.

The combination of my experience serving as a Councillor in Dysart and work with many not for profit organizations means I understand local government and our community.

With your support we can change Dysart from a place of "why we can't" to one of "how we can". Let's get started!

Happy trails for Trailblazers

Darren Lum
Staff reporter

The following are briefs from the Oct. 14 Highlands East council meeting.

The Paudash Trailblazers Snowmobile Club's president Terry Post is smiling after coming away from council with what he came after.

Council agreed to permit the use of the IB and O railway (portions of Prospector's Trail) between Wilberforce and Harcourt, and the use of unopened road allowances. A one-year term permission has been granted for Tall Pine Road.

"This would be a win-win situation because we won't be on your roads," he said, referring to when the widening work is completed.

This is to accommodate work to widen the current trail, which will be at the club's expense.

Post said the snowmobile traffic can continue to flow into Wilberforce because of this access provided by the municipality.

The club is doing this, Post said, because its land-use agreement ended for one of their trails between Adanac Road and Cope Lake Road and a trail coming into Wilberforce.

Work to widen the trail to 12 feet so it can accommodate a groomer will begin this autumn.

The show will go on

Highlands East is showing its support for the Gooderham Bandstand Committee with a loan close to \$10,000 to cover a Haliburton Lumber bill.

After a presentation by committee member Donna Graham, council decided to pay the debt in full to negate any interest charges to the non-profit group, who already owe \$11,000 for the construction of the Gooderham bandstand.

Graham said the loan will be paid back through future events such as the New Year's Dance and through fundraisers such as raffles.

"Whatever we make comes back here anyways," she said.

Councillors believe this is the best for everyone, as the committee provides a community service with a municipally owned property.

"We got to clear the debt. That's the important thing," Cec Ryall said.

Looking into recreational tourism

The Water Trails Scoping Report revealed there is an opportunity to market the northern portion of the Ironton River area as a recreation adventure destination.

Curtis Tighe and Andre Nichol kayaked and portaged 70 kilometres of the river from mid-August to the end of September.

The 25 page report revealed highlights such as five waterfalls (Cope Falls, High Falls, Low Falls, Furnace Falls and unnamed one near Contau Lake Road); challenges such as low bridges, log jams, lack of signage for public access and portage points, unnamed points of interest, which could be named, whether it is related to area or person of historical importance to lend itself to cultural significance and the lack of public parking. Many of these challenges could be addressed by working with private property owners and authorities such as the Ministry of Natural Resources.

Two senior staff departing HHHS

Jenn Watt

Editor

Two senior staff members will be leaving Haliburton Highlands Health Services in early November.

Cathy Outram, chief financial officer, and Debbie Watson, chief nursing officer, will be leaving HHHS Nov. 6 and 7, CEO Varouj Eskedjian told the paper.

"It's difficult in the short term when you have people leave, but people leave for whatever reasons they leave. Both of them have left to pursue other opportunities. I've wished them well," he said.

Outram will be going to Northumberland Hills hospital in Cobourg to become director of finance and Watson will be going to Muskoka Algonquin in Bracebridge, becoming the manager of emergency services, surgical and infusion programs.

Watson has been with HHHS for 27 years and Outram has been with the corporation for 19.

"It certainly has been a fabulous career here at HHHS and for me the people are the hardest thing to leave," said Watson, who will continue to live in Haliburton and commute to Bracebridge.

She said it was the hardest decision of her career, but leaving is made easier by the professional staff who continue to do good work at health services.

Outram said she will be relocating to Cobourg, but will keep her home in Haliburton as a place to retire.

"I've enjoyed working with everybody," Outram said, and explained she chose to transition to a new job at a larger hospital to change things up.

Eskedjian said HHHS is developing an interim plan to cover the work done by the two departing employees until a permanent arrangement can be made.

"It'll probably be a combination of some [staff from] within [HHHS] and some from outside of the organization. We're not sure yet," he said.

Outram said she has offered to continue at HHHS while they transition to a new staff member, but details haven't been finalized.

It certainly has been a fabulous career here at HHHS and for me the people are the hardest thing to leave.

Forever in our memories: Creighton Feir

Important choices

THIS IS THE last week to cast your ballot for municipal office.

Of the three levels of government we vote for, this is the one that alters our day-to-day landscape the most.

Municipal councillors may be our neighbours, friends and co-workers, but they are also the ones who decide what shape our villages and countryside take.

The batch of people we choose collectively will decide whether to put a splash pad in the park, whether to expand the county roads for bicycles and whether taxes go up or services are cut when the increased OPP costs come in.

In the last four years, our councils have made significant decisions.

The Armatec dispute, the affordable housing on County Road 21, the Tim Hortons beside it, the development of Greens Mountain in Goocherham, the new library building in Wilberforce, the streetscape in Haliburton Village, expanded recreation opportunities in Dysart, the campaign against increased OPP costs – all of these things involved municipal councillors.

They also decide how much money every department gets. Their values regarding libraries dictate staffing levels and programming based on how much funding they give. Their concern for

public safety dictates how thoroughly our roads are cleared and how many ambulances we have available when an emergency happens. Their perception of poverty determines whether they subsidize housing, participate in affordable housing projects, give to local not-for-profits.

And these people represent us wherever they go.

The councillor you choose in your ward may end up being the face of Highlands East or Dysart et al or even Haliburton County before provincial and federal ministers. He or she could be speaking to major media outlets

on things such as flooding, taxation or hunting regulations. What she or he says will represent you to the larger world.

These people matter. A lot.

If you haven't voted yet, there is still time.

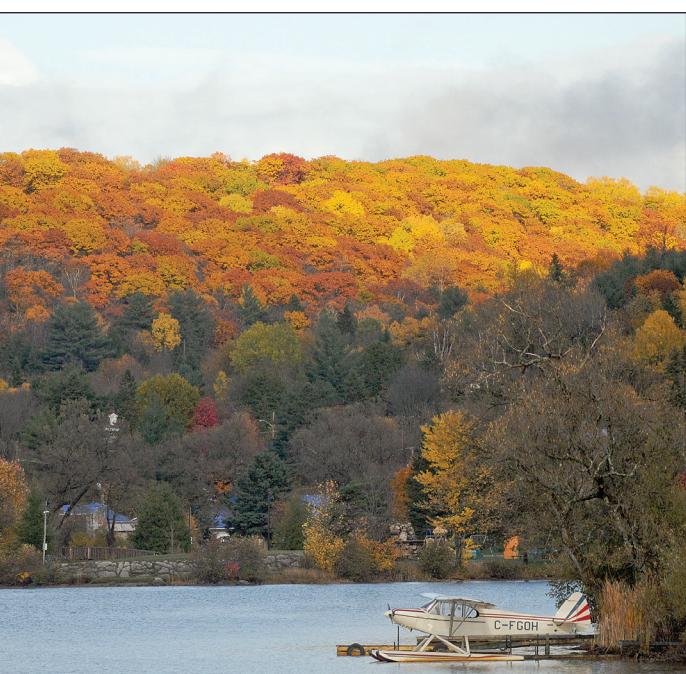

Fill out your ballot and bring it in to the municipal office. If you haven't received one in the mail, call 705-457-1740 in Dysart et al or 705-448-2981 in Highlands East.

If you're not sure who to vote for, we have a complete Q&A section on our website: haliburtonecho.ca

Note to readers: The Echo will be coming out a day late next week to accommodate results from the municipal election. It will be delivered on Wednesday, Oct. 29 to subscribers and newsstands across the county.

Brainstorm

IAM BECOMING increasingly more passionate about the human brain and how it works and its contribution to our overall sense of well being.

I recently discovered an interesting and helpful online resource that I think all parents could benefit from.

I was drawn to the website by the opening statement "Welcome to our world wide conversation about the human mind and the cultivation of well being."

Dr. Daniel Siegel (www.dansiegel.com) received his medical degree from Harvard University and completed his postgraduate medical education at UCLA with training in pediatrics and child, adolescent and adult psychiatry.

Dr. Siegel is currently a clinical professor of psychiatry at the UCLA School of Medicine where he is on the faculty of the Center for Culture, Brain, and Development and the founding co-director of the Mindful Awareness Research Center.

He is the author of several books and the one that I am interested in is called *Brainstorm - The Power and Purpose of the Teenage Brain* (all of us who are parents of teenagers understand why a book like this would be useful!).

The book addresses how the human brain changes between the ages of 12 and 24 in important, and oftentimes maddening, ways.

He acknowledges that it is no wonder that many parents approach their

Lynda Shadbolt
Tales from The Great Green Meadow

child's adolescence with fear and trepidation.

Dr. Siegel suggests in the book that if parents and teens can work together to form a deeper understanding of the brain science behind all the tumult, they will be able to turn conflict into connection and form a deeper understanding of one another.

In *Brainstorm*, Siegel describes how brain development impacts teenagers' behaviour and relationships.

He draws on important new research in the field of interpersonal neurobiology, and he explores ways in which understanding how the teenage brain functions can help parents make what is in fact an incredibly positive period of growth, change, and experimentation in their children's lives less lonely and distressing on both sides of the generational divide.

He has written other books that will be useful for parents of young children, and on the website on the resources section he has short online parenting videos on many topics such as how to stop yelling at your kids, how a better understanding of the brain can help improve parenting, left and right brain integration in daily life, how storytelling connects both side of the brain and several others.

I've watched a couple of the clips and they sparked some new perspectives, questions and ideas to contemplate.

As a parent that is always a good thing. As a parent of a teenager, it is a necessary thing!

An apology to my barber

LAST WEEK, after doing more research and studying the more remote regions of my scalp with a hand mirror, I decided it is time to downgrade the hair atop my head from "species of special concern" to "endangered" status. This was mostly based on a drastic decline in population density and a dramatic loss of habitat in the forehead region.

As a result, I have recently declared the top of my head a national conservation reserve.

From here on in, my efforts will be dedicated to the restoration of the Steve Galea sub-species of wild hair that once thrived there.

Furthermore, from here on in I will do my own selective harvest of the hair left within that reserve. I'll only be culling the sick and weak.

That's right. I'm cutting my own hair.

I initially did so last Wednesday by running my trimmer across my head for three or four passes and, much to my surprise, I never ran into a single pothole.

And I must say, the job looks professional enough, if you discount a few places where I got a little exuberant. Which is not a big deal since it's hard to tell the bald spots from the spots with hair these days.

I know this comes as a blow to the local hair cutting industry during these tough economic times.

After all, cutting my hair was perhaps the most profitable contract any local hair cutter could book, especially if based on a projected hourly wage alone. All it took was five minutes and that includes small talk and nose and ear trim.

It was also easy on equipment. No one ever dulled a pair of scissors or wore out a trimmer on my hair.

With that said, I'd like to thank all those who worked meticulously on my hair over the years.

Both those who worked on it in the beginning and thought it would never end and those who nurtured what was left of it in these recent days and made comforting comments like, "On the plus side, you save a whole lot of money on hair products."

I realize this is not welcome news to the hair cutting industry as a whole. But you might be happy to know that the money saved is going to a hair trust fund, which eventually, along the funds hopefully raised by my Hair-a-thon of Hope and accompanying fundraising campaign, will be used to research how to make hair extensions that can reliably latch onto stubble.

Once that dream comes true, prosperous times will return to you. Interestingly, it's not all bad news for the economy.

For instance, local facecloth, moisturizer and soap manufacturers are predicting boom times within the next few years as my hairlines converge. I believe they are stepping up production even as you read this.

The hat industry is also overjoyed – especially manufacturers who make warm garments to protect a semi-bald head during ice fishing season. I'm not sure, but I'm thinking there might be an endorsement deal in it for me in the works.

I'd like to note that I don't exact stand alone on this either. The difference is that some men in similar situations are in denial.

For instance, a couple of weeks ago at duck camp, I was greeted by an old friend who has a pony tail and hair colouring that makes him look younger than the numbers on his birth certificate.

Well, it would make him look younger, if not for the part in his hair that is a full two inches wide. I mean, you could drive a Hot Wheel down that road.

Whether he knows it or not, I'm doing this for him too.

Do I blame my hair loss on climate change?

Frankly, yes I do. Why should I be different than anyone else?

My theory is just as the polar ice caps are shifting, so too is the hair on my head – although why exactly it is shifting to my ears requires further research.

It's a matter of hair today, gone tomorrow, I suppose.

Gerald Irish's Senior's Moment column will return next week.

letters to the editor

Building the next farmers

To the Editor,

In response to the Oct. 14 front page "Building the Economy ...," pg. 4 "Fill the truck..." and pg. 6 "Embracing local ...," real support is needed now for a true economy of local food to be sustainable. Years back the farm community was asked to give ideas that would improve the local food economy. Rather than another group, creating another hub, the farmers asked for support in building an abattoir. Matt Wesley a young farmer, is right on with the need for growing our local industry by building an abattoir for the processing of local livestock.

Garden produce is growing by leaps and bounds in pots and back yards, as well as acres of food.

The next step is an economic model that supports the livelihood of young farmers. If local food is going to grow sustainable there must be an investment in the farm and the community infrastructure for fair trade prices. The county is doing well with volunteerism on the poverty food process of donations. We need to get away from the verbal compost by non-farmers and give support for real compost from farmers. Now is the time to invest in the local food with community supported agriculture, cooperatively investing in safe healthy food processing for the future. Let's truly build the next generation of farmers with real action not just words.

Farmer Jean S. Tyler

Harcourt Park responds

To the Editor,

Response from Harcourt Park Inc. to Tammy Donaldson's letter to the editor Oct. 16.

You have published the letter from Ms. Donaldson which has inaccuracies we would like clarified with the readers, our fellow community members.

There is nothing in the Municipal Elections Act to ensure that candidates have access to electors for the purpose of canvassing. The law governing such access is found in the other legislation such as the Residential Tenancies Act, the Condominium Act or the Cooperative Corporations Act. However, information from Dysart as well as Municipal Affairs, which is responsible for municipal elections, indicates that these acts do not apply to Harcourt Park's structure.

Ms. Donaldson's letter to the *Echo* had stated, "I sought the advice of Dysart's official contact who oversees the election. I was informed that Municipal Affairs (MA) has no jurisdiction over HP because HP does not fit within any of their categories. The official conveyed that the MA said it was a 'complicated situation.' I was told that council would have to seek legal advice and it was too late to add it to their agenda. Therefore, the official suggested my only option was to abide by HP bylaws." Harcourt Park is not in violation of any legislation.

Harcourt Park Inc. (HPI) has been a member of this community for many years. It is private prop-

erty. Since inception, its bylaws have been specific with respect to soliciting and canvassing of any sort and they have never been found to be in contravention of any legislation related to elections. HPI's bylaws govern the Park's operations and cannot be ignored or changed without due diligence and process. The Park's operations and bylaws are overseen by a board of directors elected by its members through a democratic process each year. The board cannot change bylaws without member agreement during the annual general meeting in the spring. The board is not at liberty to pick and choose which bylaws to enforce, discard or change without going through its due process.

We request Ms. Donaldson respect the municipality's position and also respect Harcourt Park's governing processes until it has had time to perform its due diligence. We thank Ms. Donaldson for highlighting an important issue for the Park should the Municipal Elections Act be revised. In the meantime, the board has placed this issue on the agenda for review.

In reference to Ms. Donaldson being invited in by members, this has always been the privilege of members to do so on their own property. The leaseholder cannot authorize access to another leaseholder's property. We ask that Ms. Donaldson respect each member's private property rights until this matter has had a chance to be addressed.

see BOARD page 8

Councillors deserve another term

To the Editor,

We thought it prudent to write a letter in support of the existing municipal council here in Highlands East. During the last year or so we have been working with the local council on the Plein Air Arts Festival and the Cultural Planning Project. We admit to being prejudiced. As people who have recently found ourselves working with municipal coun-

cils across Ontario, the Maritimes and in England, we believe that our municipal council is one of the most supportive we have come across. This group of local politicians that are in office now, especially Dave Burton and Steve Kauffeldt, are true blue hands on, supportive leaders. They are invested thoroughly in this community. They live and

Dental Outreach gives thanks

To the Editor,

In this season of Thanksgiving, we would like to acknowledge how grateful we are to this community for the support it has given the Volunteer Dental Outreach for Haliburton County. In November 2010, Janis Parker was consulted as to the best way to open a volunteer dental clinic for low income Haliburton County residents. While none of us really knew how to launch this initiative, within three days, Janis Parker had been in touch with Dysart about a location for the clinic and assembled a steering committee of people with the knowledge and expertise to bring this innovative concept to a reality.

A mere six months later, after considerable planning, construction, fundraising, hundreds of emails and immeasurable support from Janis, the clinic opened. The leadership, motivation, unfaltering support, resources and "hands on" hard work board chair Janis Parker

provided propelled (and continues to propel) this project along at a staggeringly fast rate.

Our board of directors announced at our fourth annual Charity Golf Tournament in August that our volunteer dental clinic has provided over one million dollars in free dental care to people in our community. Volunteer Dental Outreach for Haliburton County is a perfect example of how great things can be accomplished in our community with outstanding leadership, generosity, vision, hard work and the cooperation of our councils. For all of you who have attended fundraisers, made donations to VDO, helped in construction, web support, plowing, volunteered at the clinic and board members, your efforts are appreciated by local families who are helped in a very significant way every day at VDO.

Bill and Lisa Kerr
Minden

Your candidates have presented their case, now you the voter must decide.

Do you believe our communities can do better?

Personally I am not satisfied with our current 40% unemployment during the winter season or the fact that the average wage for workers in Dysart is about 30% below the Ontario average. I believe we can do much better and stand committed to ensure we do so.

My proposed economic development plan will result in the creation of good paying jobs – especially for our young people. It will reduce poverty, increase our affordable housing and provide a healthier lifestyle for everyone, including our seniors. The resulting growth in our tax base will allow us to make wise investments in our infrastructure.

As a permanent resident who owns a waterfront property here in Dysart I am completely committed to protecting our natural environment. It is not only the right thing to do but it makes good economic sense to preserve property values and the related tax base.

I live and work in Dysart. My commitment to accept an offer to purchase the Markham portion of my business means I can fully devote myself to the job of Reeve of Dysart and continue to work with our local business and volunteer community.

With your support we can change Dysart from a place of "why we can't" to one of "how we can". Let's get started!

www.JanisParker.com

PHONE: (705) 754-2500 EMAIL: janis@parkerpad.com

Board has been fair

from page 7

Ms. Donaldson has claimed that her opponent is in some way the "candidate of the HPI board." This is incorrect. There have been no communications between the board and Ms. Donaldson's opponent to encourage his candidacy or otherwise. The board has adopted a neutral position. It does not endorse or promote any particular candidate. All candidates have the same opportunity.

With respect to allegations that HPI has been unfair during this election process, the board can confirm that it has held all candidates to the same standards as each other. The Park's internal communications have been

used to remind voters to get informed, get on the voting list, and vote on time without suggesting a preference for any one candidate. Harcourt Park wishes each candidate well in the coming elections.

Harcourt Park has had a long history as being part of the fabric of the local community. Our members have deep roots and strong relationships in the community. The board and our members value and treasure these relationships. Our values are in providing stewardship for and preserving the unspoiled environment we live in.

**The Board of Directors
Harcourt Park Inc.**

Canvassing should be allowed

To the Editor,

I write to convey my sincere apologies to municipal candidate Tammy Donaldson for being denied the right to canvass in Harcourt Park where my family has a cottage. Ms. Donaldson has the right under the Elections Act to canvass where voters and ratepayers reside. The intent of the act is quite clear, regardless of whatever specious arguments are made to the contrary.

How could it be otherwise? Cottagers are ratepayers. We should meet the candidates and hear their intentions for spending our tax dol-

lars. My thanks to Mrs. Donaldson for the fact that she tried to do the right thing.

Her concern is absolutely valid. I urge all local residents to get out and vote. Otherwise, you'll be in the exact same position as the poor Irish of the 18th century: ruled by the agents of absentee landlords. Make democracy work for you. Vote local!

**Kathy Woodcock
Harcourt Park**

Put current council back in office

from page 7

breathe it, and they are very easy to work with. But it would be a shame to lose any of our local council at this very crucial time in our county. We encourage all of you who live here to put them back into office.

Victoria Ward and Gary Blundell

What's your opinion?

Paddlers say thanks

To the Editor,

The Haliburton Highlands Paddlers, part of the Haliburton County Community Co-operative, would like to thank Jane MacNab for initiating this venture; Patient News for allowing us to use their docks and grounds; Timber Mart for donating the anchors that kept our boat securely moored all summer; RPM for their friendly advice, the use of their boat launch and allowing us to store our equipment on site; Into the Blue Bakery for purchasing our steering oar; our volunteer coaches Janine Papadopoulos and Scotty Bird; the founding members who provided the start up funds to get this venture off the ground; and all our dedicated and enthusiastic paddlers!

Haliburton Highlands Paddlers

Ontario Energy Board Commission de l'énergie de l'Ontario

Have Your Say – Protecting Energy Consumers

How well are consumers protected in Ontario's retail energy market?

That's the question the Ontario Energy Board (OEB) is looking at with its review of the *Energy Consumer Protection Act*. The Act deals with energy retailing to low-volume consumers in the province. Just over 300 thousand residential and small business consumers in Ontario currently have contracts with electricity retailers; 362,000 have contracts with natural gas marketers.

Please visit www.ECPReview.ca and fill out the on-line survey to share your views on consumer protection with the OEB.

Compulsion of the red umbrella

Barbara Rosen
Special to the Echo

"I just have to have one of those big red umbrellas on the porch of the cottage next summer," I said to myself as I passed yet another one en route back to Toronto.

I envisioned the view with the red metal roof, the two red Muskoka chairs, the hanging red begonias that would be accented with the red umbrella.

Winter was long and strong this year. Without any intention of buying, I decided to browse in the IKEA store after a dental appointment. The dentist's office was nearby and I always needed something to lift my spirits after a visit to the dentist.

"We'll have to keep an eye on that loose tooth, Barb," she said as I left. My eyes almost immediately caught sight of it. I had to have it...NOW!

Yes, there it was at the end of March with its harsh winds, and still lots of ice and snow. Just what I need to turn my thoughts to warmer weather. There it was, the red umbrella.

Beside it was the cement base at an additional cost. I just needed to have the umbrella for now. I bought it and put it in the trunk of my car where it would stay until the cottage road cleared and I could drive the car down, unload the umbrella and set it up on the cottage porch. Meantime, I would consider the base.

I went into creative mode exploring possibilities of making a base from an old tire rim, a rock with a hole large enough

to insert the pole, a bag of cement and a form and on it went.

I finally let go of these possibilities and went back to IKEA and bought the cement base and loaded it into my car. Everything was ready for the erection. I unpacked and assembled the base - you may ask what could one possibly need to assemble a base, but there's nothing you buy from IKEA that doesn't need assembly, it's the unwritten rule. There was a small fitting that I needed to screw into the hole of the base to make the umbrella's pole more secure.

Finally, the day arrived. It was a beautiful sunny spring day at the cottage. I got into my canoe (that was also red) and paddled a small distance from the cottage. Before me was the vista I had imagined in the depths of winter: the red roof, the chairs, the hanging baskets and now this large red umbrella well secured to its base. My bliss was short-lived. Without warning, it all came to a sudden end. I was in the midst of morning meditation. My ears heard the strong wind and my eyes caught sight of the red umbrella that was lifted up into the air. It was carried a few metres away and landed collapsed with its broken spokes like a wounded bird.

Barb Rosen is holding a Yoga, Meditation and Writing session at Blue Sky Yoga studio in Haliburton on Sunday, Nov. 2 from 10 a.m. to 12 p.m. If you are interested in joining, call 705-754-1355 or email barb_ba47@hotmail.com. You can also contact Barb for January Yoga, Meditation and Writing Retreat in Cuba.

Trillium Lakelands District School Board Seeks Special Education Advisory Committee Members

Under section 57.1(1) of the Education Act and Ontario Regulation 464/97, every district school board in Ontario shall establish a Special Education Advisory Committee. The role of the Special Education Advisory Committee (SEAC) is to advise the Board on special education programming and delivery for exceptional children. Each SEAC term lasts four years and the SEAC Committee meets 10 times per year.

Trillium Lakelands District School Board is currently seeking persons interested in serving on its Special Education Advisory Committee including:

- Representatives nominated by Associations representing students with special needs;
- Representatives from the Community.

Applicants must be eligible to vote and meet the following criteria:

- Canadian Citizen;
- Resident of the area of jurisdiction of the Board;
- Over 18 years of age;
- Not an Employee of TLDSB;
- Not disqualified by any legislation from holding office.

Interested persons are asked to respond, in writing, by Friday, November 7, 2014 outlining their eligibility, experience and interest in Special Education to:

Mr. Kevin Cutler, Superintendent of Specialized Services
Trillium Lakelands District School Board
300 County Road 36, Box 420
Lindsay, ON K9V 4S4

Eligible candidates will be contacted for an interview prior to the end of November. The first meeting of the new Committee will be in January 2015.

For further information, please contact Kevin Cutler at the Muskoka Education Centre at 1-888-526-5552.

Taste of Italy hits \$100,000 mark

► Annual fundraiser for Haliburton hospital sold out in July

Darren Lum
Staff reporter

The Royal Canadian Legion in Haliburton was crowded with smiles, full bellies and an extremely happy Haliburton Hospital Auxiliary past president Judy Skinner because of the auxiliary's annual Taste of Italy dinner, which hit the \$100,000 mark this past Saturday in its 10th year.

Before the first dinner event was over, Skinner remembers being nervous, as the dinner only drew 110 people. She didn't know if they made enough to cover expenses, but was relieved later learning it had done better than break-even, raising \$2,600.

Ever since then event has been sold out.

This year the dinner easily surpassed those totals, drawing more than 200 people and raising a preliminary estimate of \$15,542.

Skinner said with the money the auxiliary would purchase two alternating pressure beds, which help to prevent bedsores, for Highland Wood.

Skinner thanked the event goers, the community for supporting it through donations for the auction, her auxiliary members who work year round to make the event a success and her volunteers, who cook, serve and help to clean.

Among the volunteers included auxiliary members, their partners, Heritage Ballet dancers and members of the St. Anthony Roman Catholic Church.

The auxiliary's next fundraising initiative is the Wheelbarrow of Wine draw.

Get your tickets from Skinner (705-457-3333), auxiliary members and the gift shop at the Haliburton Hospital.

Haliburton Highlands Health Services president and CEO Varouj Eskedjian joins more than 200 other people applauding the efforts of the Taste of Italy annual fundraising dinner for the Haliburton hospital on Saturday, Oct. 18 at the Royal Canadian Legion in Haliburton. With the Haliburton Hospital Auxiliary event sold out in the first week of July, auxiliary past president Judy Skinner considered this year's 10th annual one of the best ever. It raised (a preliminary figure) \$15,542 to bring the 10 year total to \$100,000.

HHHS seeking advisory committee members

Haliburton Highlands Health Services is seeking community-minded individuals interested in serving on a new 12-14 member Community Advisory Committee responsible for providing advice and insight to HHHS's Board of Directors on the delivery and future planning of community services in Haliburton County.

Key functions of the Community Advisory Committee will include providing advice on:

- Needs of community services clients
- The unique and diverse needs of the Haliburton Highlands community
- New opportunities for partnership and collaboration
- Best approaches for sharing information with the community
- Feedback on the delivery of community services and future planning for services

Meetings will be held monthly beginning in November, 2014. For further information and/or to submit a letter of interest, please contact Varouj Eskedjian (email: veskedjian@hhhs.on.ca). The deadline for applications is October 31, 2014.

"We are committed to involving our community in defining the best health experience for Haliburton County full-time and seasonal residents and visitors. We are grateful for

the support we receive from our community through volunteer time, donations and other contributions. Now, as part of our new Community Advisory Committee, community representatives will have an opportunity to help guide the development and delivery of services provided by our new Community Services Division, including Community Support Services, Community Hospice Services, Adult Day Programs, Supportive Housing Services and Foot Care Coordination," said Varouj Eskedjian, President and CEO, Haliburton Highlands Health Services

Haliburton Highlands Health Services (HHHS), Community Care Haliburton County (CCHC), Supportive Initiatives for Residents of the County of Haliburton (SIRCH) and the Victorian Order of Nurses - Ontario Branch (VON) have worked together to support the transfer of Community Support Services, Community Hospice Services and Adult Day Programs/Foot Care Coordination to HHHS on September 30, 2014.

With the planned transfer of these essential community services, Haliburton Highlands Health Services will continue to grow as a Local Health Hub, now with three divisions: Hospital Services, Long-Term Care Services and Community Services. Across these divisions, Haliburton Highlands Health Services will connect people to a continuum of health services, from acute care to community care to long-term care and to end-of-life care, in order to bet-

ter meet the current and future health needs of Haliburton County residents.

Effective October 1, the Community Support Services Division of HHHS will provide Community Support Services, Community Hospice Services, Adult Day Programs, Supportive Housing Services and Foot Care Coordination to the Haliburton Highlands community. HHHS Community Advisory Committee will help ensure the delivery of these services continues to be tailored to the needs of our community.

Brohm an Enviro-Hero

Haliburton Highlands Land Trust executive director Larry O'Connor, left, gives landfill manager Mark Brohm the Enviro-Hero Award for his community and youth education about lengthening the life of our landfills. Brohm was presented with the plaque on Oct. 14, at the beginning of the Dysart et al council meeting because he was unable to attend the Wild About Nature gala earlier this month. **Jenn Watt Staff**

The Family Council of Extendicare Haliburton, would like to thank all the people who donated to our second fund-raising raffle.

*A special thanks to;
The Wine Store, Minden
Wintergreen, Gelert
and Haliburton Foodland*

for donating prizes which helped make this a success.

The draw for the prizes was made on Sunday October 12th at Extendicare, our congratulations to the following lucky winners;

Wine Store Certificate ~ Steve Main, Haliburton
Wintergreen Gift Basket ~ Brenda Dovell, Gooderham
Foodland Gift Certificate ~ Candy Robinson, Haliburton

*All proceeds will go towards
enhancing the everyday lives of the residents.*

THE GREAT OUTDOORS AND HUNTING FEATURE

The value of hunting

By Steve Galea

Much has been written about the value of hunting as a traditional, heritage activity that brings together family and friends in a healthy outdoors setting.

There's no denying this is the case.

But hunting also benefits our greater community in other ways.

First, by attracting hunters from afar at a time when cottager activity has come to a standstill.

Brad Park, owner of Haliburton Foodland is one business owner who appreciates this. "Hunting definitely benefits our business. We see an influx of people shopping for hunt camps, especially during deer season. It's noticeable and we offer discounts for hunt camp orders to draw in that business," he says.

Jeff Babineau, the grocery manager for Dollo's Foodland in Minden says his store looks forward to the hunting season too. "It's great for us going into the moose and

deer season, when the camps are stocking up. They visit throughout the season to pick up odds and ends too."

This is a sentiment also echoed by Steve Todd of Todd's Independent in Haliburton. "The two weeks of deer hunting season are slower because virtually everyone is at camp. But the times leading up to those two weeks are good for our business and we appreciate our hunt camp customers."

Other businesses you might not think of also benefit. Charles McAleney, owner of The Great Haliburton Feed Company says his business gets a boost throughout the fall hunting seasons.

"We start selling a lot of deer feed from Oct. 1 on but we also do well because we sell special food for hunting dogs and hunting dog accessories. We do very well in the fall because of this."

Needless to say, shops that sell outdoors products such as Outdoors Plus and Canadian Tire also enjoy patronage from the hunters who visit or live in Haliburton

County during the various seasons.

To give an example of just how many hunters spend time in Haliburton during the hunting season, consider that in the 2013 deer season 3,610 hunters applied for antlerless tags alone in WMUs 54 and 56 and 3,050 applied for their first choice of bull or cow moose tags in Pool 1 alone.

"I love it when the guys are coming into the store so excited for hunting season. That makes it fun on a personal level. On a business level, if hunting season wasn't so big around here, we'd probably have to close up in the fall. It's that important to us," Karen Parrott, owner of Outdoors Plus in Haliburton says.

And the spin off to other businesses, such as small variety stores, restaurants, gas stations and coffee shops are also welcomed at a time of year when business activity would normally be slowing down.

Let's not forget many newcomers to the Highlands first discovered this place while visiting a hunt camp.

Economic boon aside, hunters also fund and participate in many conservation programs that benefit local wildlife as well as ecosystems throughout the province and North America. The work of Ducks Unlimited - an organization founded by concerned hunters - is one legendary conservation success story.

Locally, the Haliburton Highlands Outdoors Association, which is affiliated with the Ontario Federation of Anglers and Hunters, is continually working to better Haliburton County's fish and wildlife as well as our access to it. Their programs include raising lake trout and other fish in their hatchery for stocking in local lakes and providing deer feed for use to help local deer survive winter.

Is hunting important to the Haliburton Highlands? The answer, on so many levels, is yes.

Hunter orange

By Steve Galea

One reason hunting is safe is the mandatory requirement for hunters to wear hunter orange in many jurisdictions, including Ontario. This is also a safe practice for non-hunters to follow when entering areas where hunting occurs.

Hunters, including bow hunters and falconers, must wear hunter orange during the gun season for deer, moose and elk, unless hunting for migratory birds (except woodcock). In addition, black bear hunters must wear hunter orange except when in a tree stand.

In Ontario hunters are required to wear 2,580 square centimetres (400 square

inches) of hunter orange above the waist. Typically, a hunting vest, smock or coat meets that requirement. These garments must not include mesh or camouflage hunter orange portions as part of the 400 square inches.

Hunters must also wear a hunter orange hat that does not have camouflage material in any portion of it.

Most experienced hunters (excluding waterfowlers, bow hunters, bear hunters on the stand, and turkey hunters in spring) wear hunter orange throughout the season, regardless of fact that it is not required outside of the gun season for moose, deer and elk.

It just makes sense.

Hunting seasons in the Highlands

By Steve Galea

Hunting for game animals in the Haliburton Highlands can take place throughout the fall from Sept. 1 onwards, depending on the season. Varmint hunters can hunt year round. All hunters must be appropriately licenced.

The best way to determine which hunting season is on is to consult the Hunting Regulations Summary. These can be found in limited numbers at local hunting and fishing stores and online at www.ontario.ca/...and.../ontario-hunting-regulations-summary.

Here is a brief summary of selected seasons for game animals (varmints are not considered such) in Haliburton County's Wildlife Management Units 54 and 56, however.

Spring seasons:

Wild turkey: April 27 to May 31, 2015

Fall seasons:

Moose: October 20 to 25

Deer (Bow-only-season, no dogs): October 1 to November 2, November 17 to December 15. (Excluding parts of WMU 54 which lie within the boundaries of Algonquin Provincial Park.)

Deer (Rifles, shotguns, bows and muzzle loading guns): November 3 to 16.

Black bear (Rifles, shotguns, bows and

muzzle loading guns): September 1 to November 30.

Ruffed and Spruce grouse, squirrels: September 20 to December 15

General duck season: September 20 to January 3

Goose season: September 2 to December 17

Woodcock: September 20 to December 20

Mourning dove: September 2 to November 10

Rabbits and hares: September 1 to June 15 the following year.

All falconry seasons: September 1 to March 31 the following year.

Raccoons: October 15 to January 15 of the following year,

Red fox: all year

Weasel: October 25 to last day of February the following year.

Skunk: All year

Wolf and coyote: September 15 to March 31 of the following year, with the exceptions of townships bordering Algonquin Provincial Park where there is no season. See Hunting Regulation Summary for specifics.

Though many hunting seasons are permitted, several are not utilized by the vast majority of Ontario's hunters. For instance, few hunters target weasels or skunk unless those animals are causing nuisance issues. For the most part, these fur bearers are only of interest to trappers.

Hats for Hides

Hunters are reminded of the Hats for Hides program.

Two free orange hats with crests are given with large, clean full moose hide. One free hat crest with calf hide. A free orange hat with crest for a large clean deer hide. For small deer hides you get a free crest.

Hides with multiple holes or hides that are old and smelly are not accepted.

Don't put hides in a garbage bag for

any length of time because they will go bad without air.

If you can't get your hides here when they are fresh salt them generously and keep them dry.

This is just a free service so if the hides require a lot of work before salting, it may not be continued another year.

We are open by chance or by phone 705-457-2471.

Funding available to help kids play hockey

from page 1

According to a Storm's press release, families will be able to apply online through its website to be considered for a full set of equipment for their kids. Families that are struggling to provide recreational activities for their kids will be considered first.

"Basically, they have to be in need so they need someone to verify," he said, referring to a teacher, minister, lawyer, principal or

policeman.

This is similar to the application through the Jumpstart program from Canadian Tire, which assists with registrations costs, he adds. The Storm encourage families to use this program as well. Several families have already contacted Griffith.

Haliburton resident and recent recipient Derek Little, who never played organized hockey due to family finances, appreciated the opportunity to give four of his

five children, ranging in ages from 11 to 14, a chance to play.

"The best part is there is a smile on their face. They're probably the poorest players out there right now, but they're loving every second they're out there," he said.

Outside of pond hockey and on a home rink, his children never played league hockey before. Little, who grew up with four other siblings, was told by his father if he couldn't afford to allow everyone to play then none would. It was something Little carried forward with his own family.

Seeing a 50 player drop in registration prompted Griffith to ask Vince Duchene, father to Matt, while at the Minden Flood Relief Charity Golf Tournament about what the association could do to raise money. Duchene gave NHLPA representative's name Matt Langen, who let Griffith know about the Goals and Dreams Fund.

Griffith applied, referencing the Duchenes.

Langen, NHLPA community relations, said the donation was made on behalf of Matt Duchene because he wanted to give back to his community and the local minor hockey association.

"He obviously has significant ties to the area and this was an excellent way for Matt to help more children living in the Haliburton community play hockey. The Highland Storm has a great grassroots hockey program and now more children are going to get the opportunity to play the game," he wrote in an email.

Griffith said the Storm is very thankful to the NHLPA and Duchene, who continues to contribute to the community.

"That happens a lot in small towns with their stars making it big and they feel they want to give back and he's been really generous," he said, whether it is with money or his time.

Griffith said although the drop in registration is related to reduced population of children, the rising costs are a factor.

This equipment donation is an opportunity that families in need should take advantage of, he said.

"Even though hockey has started I figure we'll [give out] most of the equipment for next season, but we'll try to [give out] some this winter," he said.

It is not too late for children to sign up for the local minor hockey house league. Parents can check www.hIGHLANDSTORM.ORG to get more information about the Goals and Dreams program.

The program, according to the NHLPA website, was started in 1999. It has contributed more than \$21 million to grassroots hockey programs and related causes in 25 countries.

"So, we're hoping to get more kids involved with hockey. If they can get their registration helped with by Jumpstart and equipment through us we're hoping to have 50 new kids playing hockey next year that couldn't afford it before," he said.

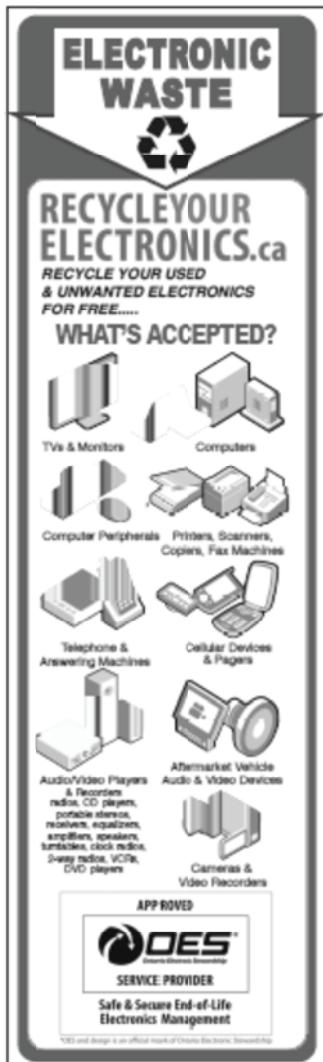

The website for the Jumpstart program is: www.jumpstart.canadiantire.ca or families can call Leigh-Ann at 705-286-4400. Please call Bruce Griffith at 705-457-4578 for more information.

Two wins for undefeated Storm Bantam A

A 5-1 win for the Highland Storm Bantam A team after meeting with the South Muskoka Bears last Friday in Minden. The Bears got on the scoreboard early in the first period with a lucky goal. The Storm reacted quickly on a power play and tied it up, goal by Cooper, assisted by Flood and Turner, to end the first period.

More than halfway through the second period, Walker gave a nice feed to Flood creating a breakaway, which Flood sealed for the second goal. Aggressively battling for the puck along the boards, Cooper dug it out and passed it off to Flood, he found the opening with 15 seconds left in the second, making it 3-1.

Early in the third, Schmidt rushed hard through the defence, tapped it over to Turner who was open in front and he popped it in for the fourth Storm goal. The Storm kept the pressure on with half a minute left in the game, some quick passes from Flood and Patterson-Smith, the puck found the stick of Manning and he placed it in, ending the game 5-1.

The Storm Bantam A team was off to Humphrey on Saturday to meet the Parry Sound Shamrocks. It was a tight first period, both teams working hard but the Storm took the lead when Flood snuck in and stole the puck in front of the net and placed it in nicely, for the first goal. Next was a power play goal during the second period, pass from Dollo to Schmidt, who dangled in and snapped it high over the goalie, ending the second period 2-0. The Storm's drive continued in the third with Manning's quick eye, redirecting a hard shot from Ryan Prentice for a goal. On another power play, Cooper showed off his skill, moving smoothly through the Shamrock's defence for an unassisted goal. With a few seconds on the clock, Cooper made a quick pass to Jacob Haedicke, which he fired off in the top corner and ended the game. Another 5-1 win for the Storm Bantam A team.

Keep it up boys! Current record is 7-1-0.

Smolen Dentistry Bantam A article submitted by Susan Haedicke

Tykes Shut Out Lindsay

Saturday, Oct. 18, Tom Prentice and Sons Tyke team had their second shut out of the exhibition season, playing against the Tyke Black team from Lindsay, with a win of 13-0. Great effort by all the players on both teams! On Sunday, Tyke travelled to Sterling, where a hard fought battle was won 7-1 for Highland Storm. Excellent team play and hard work paid off, again, this weekend. Keep up the good work Storm!

Submitted by Andrea Prentice

Midget B girls tame the Wild

The Minden Canadian Tire - Car Quest Auto Midget B girls hosted the Northumberland Wild in Minden Sunday afternoon for their second game of the year. The girls showed little rust after their two week hiatus and Thanksgiving break with no games. Erin Little finished off a nice feed from Kelsey Maracle early in the first period to open the scoring with the eventual game winning goal in the 5-0 shut-out win by the Highland Storm squad. Alicia McLean netted a high wrister over the Wild tender midway through the first period, and Kendal Marsden found the back of the net with a five-hole squeaker to give the Storm a 3-0 first period lead. Both teams exchanged numerous penalties in the spirited tilt taking away much of the flow the remainder of the game. Second period power play markers went to Erin Little, who slid home a rebound, and Jamie Little, who finished off a wrister from the point to give the Storm their 5-0 win. Connor Marsden earned

the shut-out win and Brynn Meyers had a strong game chipping in with four helpers. The Storm hits the road this weekend with a double-header on Saturday - Peterborough in the afternoon and then an evening match-up in Baltimore against the Wild again. On Sunday, the Storm travels to Napanee to take on the Crush. The next home game is Sunday, Nov. 2 at 2 p.m. in Minden, with the second game of a home-and-home battle with the Durham West Lightning who host the Storm Saturday, Nov. 1 in Ajax in their fourth road game.

RM Carpentry Atom A Highland Storm
2014 Matt Duchene Fall Classic.

Game 1 vs Barcroft Jets.

The Storm met the Jets twice in pre-season play, the series was split. The 1st period was mostly in the Storm end and goalie Darian Maddock held the Jets to just 1 goal. Colin Glecoff, from BOOM BOOM Tidey tied it up early in the second, but the Jets managed 2 more before the game's conclusion to take the contest 3 to 1.

Game 2 vs Coldwater Wildcats

The first period ended with no score despite the Storm domination. Into the second, the Wildcats' goalie remained very busy but solid. Coldwater took a 1-0 lead by the end of the period. Third time's a charm for the Storm! In the third, Glecoff scored his second of the tourney from Winder and BOOM BOOM. Twenty-two seconds later, Robinson buried one from Winder and Upton. The game ended 2-1 Storm.

Game 3 vs Centre Hastings Grizzlies

Centre Hastings is always a tough adversary. Winder tied the game at one in the first but the Grizzlies added a few more before the final buzzer. The game ended up 5-1. The lowest goal count that Centre Hastings managed that day.

Thanks to the miracle of mathematics, the Storm came first in their division and moved on to the semi-finals.

Semi final vs Newcastle Stars

This was a close one as the Storm played together as a team for their best performance of the year. Phippen took the lead high blocker, from Hutchinson and BOOM BOOM. Newcastle took the lead in the second with two goals but Robinson tied it up from Winder and Mash Vargas. Newcastle took the lead 3-2, but the Storm was unable to catch the Stars, despite pulling the goalie for the extra attacker. Final score and end of the Storm's tournament, 3-2 for Newcastle.

Note: Bancroft Jets defeated Centre Hastings to move on to the finals where they dominated Newcastle to win the championship. Congratulations Jets!

The Pharmasave Highland Storm

Peewee A
This weekend the Highland Storm Peewee hockey team battled in the Matt Duchene Fall Classic. Ryan Hall started the rush against Sturgeon Lake and woke the crowd five minutes into the game with a hard shot

just missing the net and hitting the glass. Nigel Smith (assisted by James Alexander) scored the single goal in the first, and after a quiet second period, Tyson Clements and Nigel Smith scored again, assisted by our D-team Ryan Hall and Aaron Bellefleur.

In game 2 versus Mariposa, the Storm held the lead 2-0 going into the third (goals by Isaac Little and Alex Little assisted by Alex Little and Nigel Smith) but Mariposa took advantage of power plays with Storm players in the "bin". They scored five goals to the Storm's single goal by Zach Morissette (assisted by Joe Boice) to gain a 5-3 win.

The Storm needed a win in Game 3 versus Oro and their tender Ethan Glecoff stood strong for his team with a 2-0 shut

out. Joe Boice put one in the net (assisted by Cole Prentice) followed by a beauty from Isaac Little "bar down" with 42 seconds left in the game, sealing a 2-0 win.

The semi-final game versus a strong Bancroft team was a real show of the Storm's potential this year. Joe Boice (assisted by Alex Little) fought hard for the first goal and Cole Prentice scored in the last two minutes with a backhanded goal off Nigel Smith's face-off. Despite a 4-2 loss, the team rallied until the end.

Thanks to all of the parents and sponsors who made this tourney another huge success.

Victory in tie for Red Hawks rugby

Darren Lum
Staff reporter

Just days after Thanksgiving Day, the Red Hawks varsity girls rugby team had reason to be thankful after hosting the Lindsay Collegiate Vocational Institute Spartans this past Wednesday.

Although the game ended knotted 0-0, the Hawks celebrated like it was a win.

Coach Carson MacDonald said the outcome was huge.

"It's an accomplishment just not to lose. It sounds bad, but winning isn't everything. We're not focusing so much on winning. We're focusing on building their skills, building their knowledge of the game. Being able to build their confidence and build their knowledge of the game is really great."

This year's younger players will be able to share what they learned with next year's new crop of players and so on, he adds.

"Haliburton will be known for rugby. Just like Peterborough," he said.

He adds it was the first game this season the Hawks haven't surrendered a first half try.

MacDonald said his team's intensity was higher than usual, that they executed plays, rucks and made tackles.

"It's all about the development years so this is mostly a junior team," he said, referencing how there are only four Grade 11 athletes. "Next year we have high hopes."

Both teams, who were equally matched in skill and experience, remain winless and took a lot from the game, being close to equal.

The rest of the competition, MacDonald said, has been senior teams that were well versed in rugby. It was apparent that the other teams' players compete in club teams.

The majority of the Red Hawks are new to the game, he adds.

The Hawks are playing another home game today. Kickoff is at 3 p.m.

Darren Lum Staff

NATURAL BEAUTY WITH A TOUCH OF CLASS!

Sr Red Hawks football playoff bound

Darren Lum
Staff reporter

Last week's home game against the Holy Cross Catholic Secondary School Hurricanes served as a microcosm of the season for the Red Hawks senior football team.

From solid offensive drives to impressive plays on defence, whether it was showcased with sacks or interceptions, the Hawks demonstrated the kind of talent and ability to execute plays like any championship team. However the team has also displayed an inability to capitalize on chances to score in the red zone or prevent the other team from making a big offensive play.

Some will blame the downside of the season to several key starters out of the line-up due to injury or other reasons.

Coach Derek Little said it came down to mental mistakes.

"All in all they played hard. I think, really, it just came down to the mental things today," he said.

There are eight players out of the starting line up, which has meant a few players have played both sides of the ball.

"There's a lot of guys playing both ways, which is challenging, but there are no excuses," he said.

The personnel changes have caused a steep learning curve and an adjustment for the players and the coaching staff. The approach at the start of the season has had to change because of players moving around, playing in positions new or unfamiliar to them.

Tyler Johnson-Perrin, who has taken the offensive helm as quarterback, has been shaky in his outings. Little said his quarterback is still trying to get comfortable after not playing quarterback since Grade 9.

With Ryan Hill and Tom Paul, who are expected back for the playoffs, watching from the sidelines, this past game for all the challenges was well within striking distance for 99 per cent of the game.

The Hurricanes held a 6-0 lead until a little more than a minute left in regulation.

Darren Lum Staff

Red Hawks senior fullback Jordan Hamilton rushes the ball against the Hurricanes.

A Hawks touchdown and the game would have turned, giving the home side something to cheer for and, presumably, a lift to the home team.

It wasn't meant to be, as the Hurricanes broke the game open, putting the final nail in the proverbial coffin with a touchdown run at 1:18 of the fourth.

They added an extra-point convert to win 13-0.

Despite the lone win of the season, the Hawks have earned a berth to the playoffs.

Little said it came down to the numbers where a set number of teams have to advance.

The one win was enough.

Darren Lum Staff

Red Hawks senior linebacker Devon Bangay sacks the Holy Cross Catholic Secondary School Hurricanes quarterback.

Clockwise from top, The junior Red Hawks tailback Shane O'Reilly rushes the ball; Hawks defensive tackle Julian Anderson stands covered in mud after showers left the field muddy; and the Hawks defence secured the shutout with run stopping tackles like this against the St. Peter's Catholic Secondary School Saints on Thursday, Oct. 16 at the Gary G. Brohman Athletic Field in Haliburton. The Hawks won 13-0. Hawks players O'Reilly and Kyle Cooper, who also added the extra-point convert, each had a touchdown.

Saints shut out by junior Red Hawks

Darren Lum
Staff reporter

A steady shower left the Gary G. Brohman Athletic Field a muddy mess for the Red Hawks junior football team, who hosted the St. Peter's Secondary School Saints on Thursday, Oct. 16 in Haliburton.

Led by solid defence and the powerful running game, the Red Hawks controlled the tempo and held the majority of possession. They won 13-0.

Points came from tailback Shane O'Reilly, who finished with one touchdown, Kyle Cooper with a touchdown and an extra-point convert.

Hawks coach Bruce Griffith thought his team played solidly, but could have won by more.

"There were lots of drives that were stopped. Lots of fum-

bles," he said. "Our defence was solid, but that's junior football. It's slippery and muddy you're going to fumble."

He adds a pair of Saints interceptions didn't help.

Although the team easily won, Griffith wants his team to re-focus and work hard in practice to lessen the turnovers.

After losing the first game, the Hawks have gone on a four-game winning streak.

They are tied for second place in tier II Kawartha High School Football League with Campbellford.

The Red Hawks will play Campbellford for second place this week.

League leading Fenelon Falls Secondary School Falcons will move up to tier I to play for the Kawartha Championships.

Haliburton will host the tier II Kawartha semi-final play-offs and so will the tier II Kawartha final if they win.

Congrats to award winners

West Guilford

Eleanor Cooper

754-2278

Once again this year Guilford residents and proud parents in particular wish to congratulate the students who have won honours and awards at Haliburton Highlands Secondary School.

The Rodney Gorveatte Memorial Bursary and the Jeff Hutchings Memorial Bursary were both awarded to Norm and Adele Barry's son Tyler Barry who also earned the plaque for First Class Honours for one year.

The Byron Bain Award for high proficiency in Transportation Technology and The Daniel and Pauline Otto Bursary were both awarded to Ken and Anka Barry's son Nik Barry.

The Keith Burns Music Bursary and the Highlands Festival Singers Scholarships were both awarded to Kathleen Tedford, daughter of Susan Lee and step-daughter of Jim Lee. Kathleen also won a First Class Honours plaque for two years.

The Brenda Ripley Memorial Scholarship and The HHSS Forest Management Award were both won by Stuart Searle, son of Darla and Steve Searle.

The Environmental Leadership and the J. B. Trepanier Memorial Bursary were both awarded to Jacob Sisson, son of Wendy and

Rod Sisson. Jacob also won a plaque for First Class Honours for two years.

Well done, all of you! If I have missed any names, please call and let me know.

Earl Cooper presented the Jim and Doris Cooper Scholarship for Mathematics, The Wendy Schell Memorial Scholarship for Mathematics and The Sid Cooper Memorial Scholarship established by Mrs. Louise Cooper for the student who achieves the highest mark in Year 3 university physics, going this year to Jessica Karaguesian.

Many hearts have been touched by the life of Doris Cooper who died this past week at Extendicare. Much sympathy and many condolences were expressed over this time to Doris's daughters, Linda, Teresa, Judy and Wanda and to their husbands and families since then, particularly at the funeral on Oct. 17, 2014. The burial took place at Maple Lake United Church Cemetery.

Euchre scores for Oct. 7:

High - Sandy Poulton and John Kerr
Low - Pat Smyth and Ed Jesseman
Most Lone Hands - Lorraine Draper and Ron Bain
Specials - Marty Medonik and Ben Kerr For Oct. 14:
High - Dianne Medonik and John Kerr
Low - Sandy Poulton and Perry Morrison
Most Lone Hands - Ben Kerr and Ron Bain

Mauro Bertoli concert delights Wilberforce

Hilda Clark

448-2018

The final concert of the 2014 season of the Haliburton Concert Series was presented at the Northern Lights Pavilion for the Performing Arts on Sunday evening Oct. 19. Members of the audience were anticipating a fine evening of music by pianist Mauro Bertoli. His resume spoke of his birth in Italy, of his well established presence on the international stage, of praise by press of his amazing technique and fine sensitivity, of worldwide performances in major concert halls and with leading orchestras and his position with the Department of Music at Carlton University in Ottawa.

Expectations were high. Mauro Bertoli did not disappoint. He was a smash hit performing with ease and joy selections by composers that included Clementi, Brahms, Liszt and Debussy. His program included some of his own favourite pieces by less widely known Spanish and French composers. Love or hate George Gershwin's *Rhapsody in Blue*, Bertoli's performance of it was magic. And his gentle encore of *The Moonlight Sonata* was a special treat.

Thanks, Mauro. Thanks, Concert Series volunteer leaders.

Is this what caused the temperature to drop? The ice is in at the Keith Tallman Memorial Arena here in Wilberforce. Hockey players were on it last Saturday and Sunday. Check the arena sign for dates and time for various leagues and for public skating.

Over at the Curling Club things are

also shaping up for a good season of play. Leagues will be playing evenings Monday to Friday as well as a daytime league on Wednesday. There is still openings for players in the men's league on Wednesday evenings. If you are interested contact John at djteria5@gmail.com.

The Agricultural Society's turkey dinner on Thanksgiving Saturday brought out a good crowd of diners to the LWMC. Thanks to workers and donors for a great meal.

After dinner draws were held in the Society's fundraising raffle. Gary Casey of Wilberforce won the tree frog carving donated by Wayne Quibell. The cedar picnic table donated by Highland Forest Products was won by John Stratton of Scarborough.

Awards presented before dinner included one to Shirley Deterling who won the award for most points for total entries at the 2014 fair last August. Congratulations to her. For other winners go to Wilberforce-Fair.com on the Internet.

Joan Noble called with sad news. She and Ken have been close friends with Greg and Patricia Brooking for many years. Greg died on Oct. 6. Sympathy is extended to Ken and Joan and through them to Patricia and all of Greg's family.

Greg and Pat lived for a number of years on Earle's Road in Wilberforce operating a garden centre there. They later moved to a farm near Owen Sound where they established a flourishing gardening business.

Greg was born in March 1948 in Bowmanville, son of the late Howard and Dorothy. He was the grandson of the late Vera and Stan Brooking who resided in Tory Hill for many years. Family, extended family and many friends gathered in Owen Sound for a celebration of Greg's life. He will be greatly missed.

Notice

HALIBURTON HIGHLANDS
HEALTH SERVICES

Working Together for the Health of the Highlands

Haliburton Highlands Health Services Now Seeking Members for New Community Advisory Committee – Involving Community for Best Health Experience

Haliburton Highlands Health Services is seeking community-minded individuals interested in serving on a new 12-14 member Community Advisory Committee responsible for providing advice and insight to its Board of Directors on the delivery and future planning of community support services in Haliburton County. The Advisory Committee will also provide linkages to the community on trends and issues related to the community services.

Key functions of the Community Advisory Committee (CAC) will include providing advice on:

- Needs of community services clients
- The unique and diverse needs of the Haliburton community
- Further opportunities for partnership and collaboration
- Best approaches for communicating with the community
- Feedback on the delivery of community services and future planning for services

If you feel you have the time, energy and commitment to be a member of the new Community Advisory Committee, then we would like to hear from you by October 31, 2014. Please forward a letter of interest indicating why you would like to be a member of the CAC and what you would contribute to the group. The Community Advisory Committee members will begin to meet in November 2014.

For further information please contact: Varouj Eskedjian (veskedjian@hhhs.on.ca, (705) 457-2527).

Haliburton Highlands Health Services (HHHS), Community Care Haliburton County (CCHC), Supportive Initiatives for Residents of the County of Haliburton (SIRCH) and the Victorian Order of Nurses – Ontario Branch (VON) have worked together to support the transfer of Community Support Services, Community Hospice Services and Adult Day Programs/Foot Care Coordination to HHHS on September 30, 2014.

With the transfer of these community support services, Haliburton Highlands Health Services will continue to grow as a Local Health Hub, now with three divisions: Hospital Services, Long-Term Care Services and Community Services. Across these divisions, Haliburton Highlands Health Services will connect people to a continuum of health services, from acute care to community care, including mental health and addictions services, to long-term care and to end-of-life care, to best meet the current and future health needs of Haliburton County residents.

Effective October 1, 2014, the Community Support Services Division of HHHS will provide Community Support Services, Community Hospice Services, Adult Day Programs, Supportive Housing Services and Foot Care Coordination to the Haliburton Highlands Community. The Community Advisory Committee will help ensure the delivery of these services continues to be tailored to the needs of our community.

Hawks rout the Griffins in Peterborough

The following are HHSS sports briefs for the week ending Oct. 17.

Last Tuesday, the varsity girls' rugby team travelled to Peterborough to play against the St. Peter's Catholic Secondary School Saints. The girls played a great game and finished second.

Congratulations to the varsity A team on an excellent field hockey game against the Thomas A. Stewart Secondary School Griffins last Thursday in Peterborough.

A shout-out to midfielders: Erin Little, Becca Anderson, Jamie Little, Christine Bishop and Kenndal Marsden. They move the ball well and created scoring opportunities for the forwards. Way to go ladies on an eight-goal win. Scorers for Haliburton were Connor Marsden, Syd Feir, Maggie Scheffee, Alex Yake, Abby Gordon, and Shae MacNaull.

Submitted by Judi Paul's class

650 IN MEMORIAM

KARL TALLMAN
Who left us 20 years ago on October 23, 1994 at the age of 62.

We who loved you,
sadly miss you
and never forget you.

Lynn, Anne, Bill, Doug
and families

650 IN MEMORIAM

Nicholls, George
In loving memory of our dear Great Poppy who passed away October 25, 2013.

Sad are the hearts that loved you
Sad are the tears that fall
But living our lives without you
Is the saddest part of all

Remembering you always,
Michael, Cheyenne,
Austin, Montanna, Carter,
Emma, Cooper and Luca

NOVEMBER
11

**Remember
Them
Thank
Them**

650 IN MEMORIAM

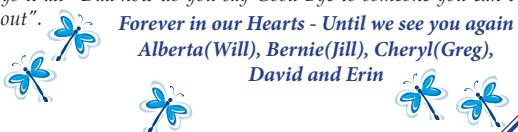

Nicholls, George - In memory of our dear Dad who passed away October 25, 2013.

Dad it is hard to believe that a year has past since you left us. We hear all the time how you are in a better place or your struggles are over. Yes we know this is all true but our heads just can't convince our hearts of that. We knew life was not the same for you when you became ill, but selfishly we just wanted you here. Dad you were such a huge part of who we are. You may not have been a hero to the world but you sure were to us. A teacher of so many things, we still had more to learn from you. Life is moving forward but without you it doesn't feel right. How do we move on?

We faced all the dreaded "first". As you know you and Mom would have celebrated 56 years in January. Christmas, well the children sure helped us get through that. Your birthday was tough, sure hoped you enjoyed all the balloons. Everyone sent so much love to you that day. Father's day was the hardest because that was the day we always showed what it meant to us to have a Dad like you. So much has changed Dad but one thing stayed the same. It is still referred to as "Poppy's chair" and we all take turns sitting in it. I think secretly we do it to feel closer to you has if your arms are around us.

They say the hardest Good-bye to say is the last one, but Bernie has a quote which says it all "Dad how do you say Good Bye to someone you can't live without".

*Forever in our Hearts - Until we see you again
Alberta(Will), Bernie(Jill), Cheryl(Greg),
David and Erin*

650 IN MEMORIAM

Nicholls, George

In loving memory of our precious Poppy who passed away October 25, 2013.

Did the sun shine a little brighter
Was the sky a deeper blue
Or was it just a better world Poppy
When we shared our lives with you!

You are beside us in all we do
Your love and guidance
Will see us through
As each day dawns we whisper low
God Bless you Poppy
We love and miss you so

Always in our hearts
Pete(Derrell), Christopher(Kistin),
Brady(Brandee), Nicky(Nicole),
Buck(Joel), Mac(Mckenna), Flynn,
Beatle(Bailey), Boo(Becca),
Jordy(Jordyn) and Turkey(Owen)

670 ANNOUNCEMENTS

650 IN MEMORIAM

Nicholls, George - In loving memory of my dear husband who passed away October 25 2013.

They say there is a reason
They say that time will heal
But neither time nor reason
Will change the way I feel

For no one knows the heartache
That lies behind my smiles
No one knows how many times
I have broken down and cried

I want to tell you something
So there won't be any doubt
You're so wonderful to think of
But so very hard to live without

Lovingly remembered and sadly missed by wife Marjorie
